ABOUT ME

I am a Software Engineer with 3 years of professional experience and a master's degree in computer applications. I am seeking challenging opportunities in the European Union's I.T. sector, where I can contribute to organizational growth while expanding my knowledge of application frameworks. I am particularly interested in exciting projects involving Python (Django & Flask), Drupal 9, Laravel PHP, Core PHP, Android App Development, and AWS Development like EC2, S3 Bucket in Cloud Service
