Letter of Recommendation (To whomsoever it may concern)

This is to certify that **Rohit Rawat** was designated as a **Software Engineer at Bynaryc Systems Pvt Ltd., Pune**. And was employed in the organization **from 9th September 2024 till 11th October 2024**. During his tenure, we observed him to be good and dedicated to all his assignments

I am pleased to write this letter of recommendation for Mr. Rohit Rawat, who served as a Software Engineer at Bynaryc Systems Pvt. Ltd. during his tenure with us.

During his time at Bynaryc, Rohit consistently demonstrated strong technical skills, analytical thinking, and a proactive approach to solving problems. He was involved in the design, development, and deployment of several key modules for web and mobile applications. One of his standout contributions was in optimizing backend workflows using Laravel and Flask, and integrating logic into a real-time data dashboard, showcasing his **AI-driven design thinking**.

Rohit has shown particular interest and capability in artificial intelligence and machine learning. He took the initiative to contribute to a proof-of-concept project that applied predictive analytics to user behaviour data — a task he executed with precision, using Python-based frameworks and data preprocessing techniques. His ability to grasp complex concepts quickly and translate them into working solutions was commendable.

I am confident that his academic background, professional experience, and keen interest in Artificial Intelligence make him an excellent candidate for further study in this field. I strongly recommend him for admission to your esteemed **Artificial Intelligence program**.

Please feel free to contact me for any additional information you may need

We wish him a bright future!

With best wishes,

For Bynaryc Systems Pvt Ltd

Authorized Signatory

Vishwajit Patil, Director
