ABOUT ME

I am a Software Engineer with 3 years of professional experience and a Master's degree in Computer Applications. I am looking for challenging opportunities in the IT sector where I can contribute to organizational growth while expanding my knowledge of application frameworks. I am interested in exciting projects involving technology like Python Django and Flask, Drupal 9/10, Laravel, Core PHP, Android and iOS development, React and React Native, AWS development and S3 buckets in cloud services like EC2.
